

Questions For Reflection from Kiri Anne Ryan Bereznai:

1. How do you and your church provide a less hostile environment for transgender people than “the world” which stigmatizes, punishes, and acts violently against them? How are you promoting freedom in Christ for all rather than welcoming the punitive, carceral state into the church?
2. What do you think you and the church could learn from transgender people and trans identity?
3. How does doing justice, loving mercy, and walking humbly with God factor into your LGBTQ+ allyship?
